

OHLC/OLHC - Power of 3

What is Power of 3?

Power of 3 is a concept taught by ICT that relates to the daily open, high, low, close bar on a daily chart. The concept aims to help traders understand the *accumulation*, *manipulation*, and *distribution* phases, which can be applied to daily, weekly and monthly ranges, as well as sessions.

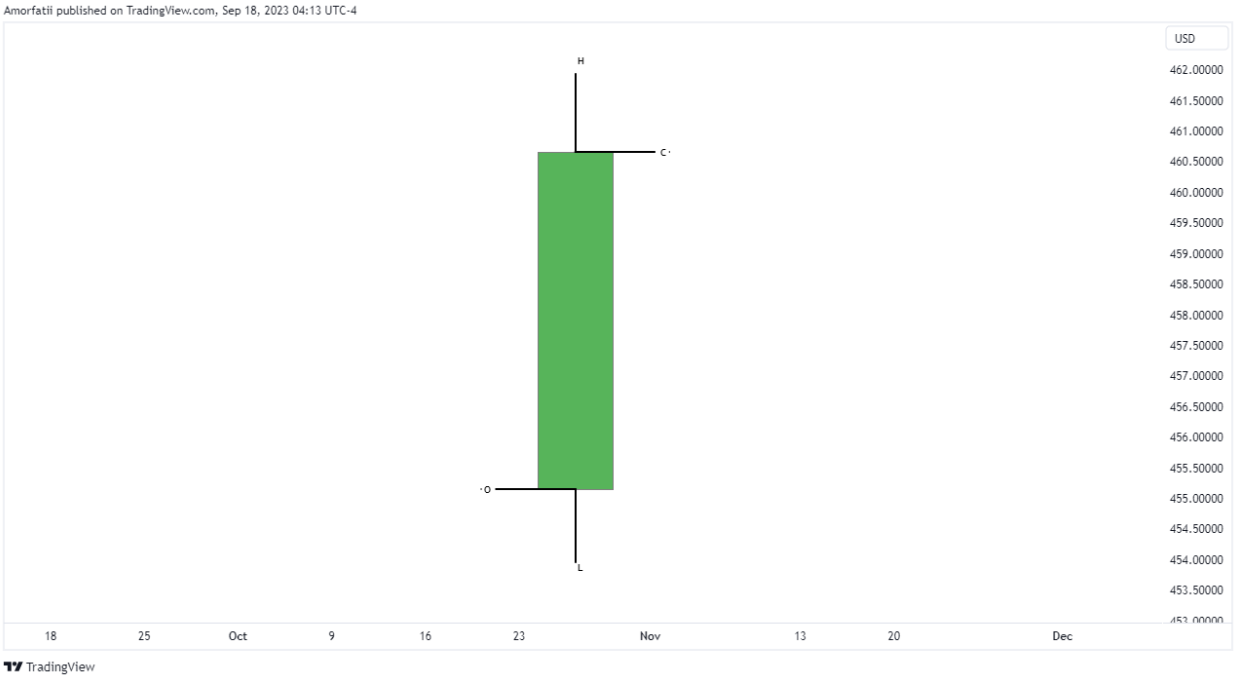

Element the power of 3

1. *Accumulation/Consolidation*
2. *Manipulation/Reversal*
3. *Distribution/Expansion*

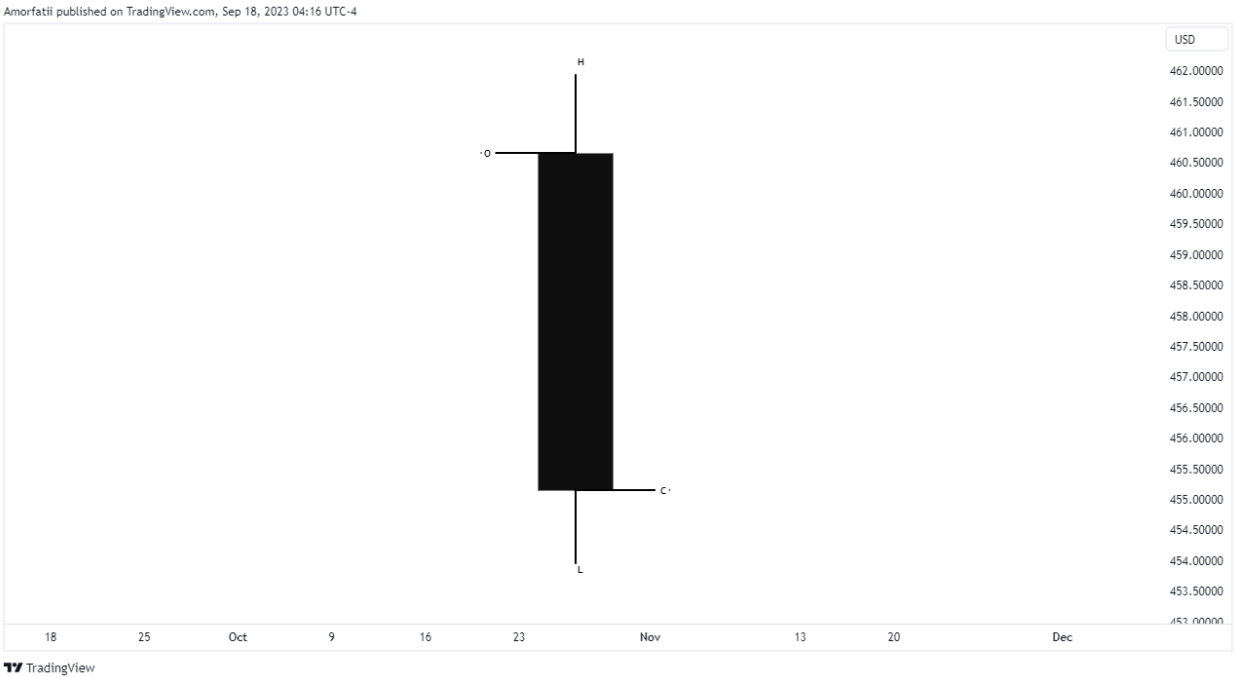

Things to note:

1. Open high low close [OHLC] & Open low high close [OLHC]
2. True day open 00:00 EST - 00:00 EST
3. Opportunity buy *below* opening daily 00:00 EST
4. Opportunity sell *above* opening daily 00:00 EST

Nb: EST = UTC-4 [New york time]
